

Excelsior Primary School

An Independent Public School

ANZAC Ceremony

Thank you to all the special guests and parents who attended the ANZAC Ceremony this morning. It is wonderful for the students to share this day with returned service people to reinforce the importance of the day. A great deal of learning by the children has taken place in preparation for the service. Students were able to gain an understanding of the relationship between Australia and France. The WW1 story is an important part of Australia's history and your presence reinforces this to all our students in the hope that they will carry on the ANZAC tradition.

Solar Challenge

Four of our year six students got the opportunity to represent Excelsior PS at the Synergy Schools Solar Challenge at Optus Stadium on Tuesday 10 April. Unfortunately they didn't place but thoroughly enjoyed the day and very grateful for the opportunity to compete in such an awesome competition, well done girls.

Excelsior APP and School Facebook Page

The school has decided the best way to communicate information to parents is through Connect. Having all the necessary information in one place means parents will have easy access to find all the information they require. This means we have chosen to close the school App and school Facebook page down. Parents will no longer be able to use the App to send absentee messages through to the school. We ask that you send an SMS to our absentee hotline 0438 936 827. We apologise for the inconvenience this may cause parents, but hopefully having all information in one place will be much less time consuming for parents to keep up to date with what is happening in our school.
