

Excelsior Primary School

An Independent Public School

Waste Free Wednesday Poster Competition

Excelsior Primary School has Waste Free Wednesday each week, where bins are not provided in the undercover area. This aims to encourage families to reduce the amount of single-use plastic and foil in lunchboxes, which ends up in landfill. Students have been investigating environmentally friendly ways to pack their lunchboxes.

This term we held a Waste Free Wednesday poster competition. Students used their persuasive writing skills to design posters that encourage the use of environmentally friendly packaging at recess and lunch.

There were a lot of great entries. Congratulations to the winning students whose posters are displayed around the school to help promote Waste Free Wednesday. Our winners are Suhaira, Lucy (B1) Josephine (B2) Declan (B6) Janet (C1) Saadna (C3) and Dani and Angeline (C6)

Voluntary Contributions

We wish to remind parents who have not yet paid the 2018 Voluntary Contributions, that payments can be made by cash, EFTPOS or direct debit. We also accept part payments of the contributions should you wish to pay these in instalments over time. The payment of these valuable contributions plays a significant role in enabling the provision of resources to add value to the learning experiences for all students at Excelsior Primary.

We strongly encourage parents to pay these contributions to the school.

	Possible \$	Collected to date \$	% of people paid
Kindergarten	4560	3225	71%
Pre-primary	4080	2340	57%
Primary	21000	11868	57%
Overall Total	29640	17433	59%

Book Club

Bookclub catalogues have been sent home with students and we remind you that ordering is now done online and the last order for this issue must be received by Wednesday 13 June.

Faction Assembly Instrumental Music Performance

The year 5 clarinet students performed two songs at our Faction Assembly on Wednesday morning. The students did an amazing job as they have only been learning the clarinet his year. Their performance was enjoyed by all.

Sustainability

As part of Excelsior's Sustainability program we remind you that we have recycling stations at the school for Nespresso coffee pods, old mobile phones and household batteries.

IMPORTANT DATES
