

Excelsior Primary School

An Independent Public School

Kiss and Drive

Many of you would have noticed yesterday a group of people in yellow vests walking around the school after 2:30pm looking at the parking problem, particularly the Kiss and Drive on Cordata St. For some time parking issues have caused major concerns, especially when angry words are exchanged between drivers and worst of all, there has been double parking and near misses with children running across the road. Your school Board and P&C, together with the City of Gosnells, are reviewing the parking situation around our school and are looking for recommendations to ensure we have a very safe and healthy school environment for everyone. If you have a suggestion for parking and/or car movement improvement, please email the school office on: excelsior.ps@education.wa.edu.au

Interschool Carnival

On your marks, get set, GO!

On Tuesday, the Year 3-5 Excelsior interschool athletic representatives competed in jumps, throws, 200m and 400m races and at the end of the day we were coming fourth overall. On Friday the sprints and team events were held. We started off with the year 4-6 200m then 400m sprints. Team events then followed with multi ball, flag relay and then leader ball. After the team events, it was the relays for the year 3 boys and finished with the year 6 girls.

The grand relay was held next for both the boys and girls. Overall, Excelsior Primary School came fourth. A fantastic result for all involved.

Thank you to Mrs Rumbold for helping us with everything. You have helped us with many things and we appreciate all your hard work and dedication. Natasha and Lillie (Year 6)

Students taking leave during school term

A reminder to parents who are taking their children out of school during the school term. You are required to sign a written note providing the details, dates and reason for the absence. The notes are available from the office or the school website. Alternatively you may supply your own written note for the absence.

Denim Day

Students (and staff) can wear denim dresses, jumpsuits, skirts, shorts or jeans to school next Monday 12 Nov and should bring a gold coin donation for the student councillor's gift to the school.

The school polo shirt should still be worn as it is not completely free dress.

Worm Whiz

Our worm farm is now in full production and producing litres of Worm Whiz every day. Worm Whiz is a fabulous garden booster. Bottles of Worm Whiz are available for purchase in the school office daily at 2 dollars per bottle. Do your garden a favour and purchase a bottle or two.

Recycling Hub

As part of our Sustainability program we wish to remind parents that the recycling hub is located outside the undercover area. We are currently recycling Nespresso coffee pods, oral hygiene products, mobile phones, used batteries and clothing for the Good Samaritans.

IMPORTANT DATES	
Wed 14 November	2019 Kindy/Pre-primary Information Night 6pm
