

Parent/Teacher Interviews

If you wish to have an interview with a teacher please make prior arrangements to organise a suitable time. Parent contact with teachers is encouraged; however parents need to be aware that a teacher cannot conduct an interview with a parent during teaching times.

Parent evenings

A parent information evening and class information package from each teacher is provided early in Term 1 to detail class routines and programs. Parents will be notified by newsletter when this occurs. Your attendance at this important event is appreciated.
